	Less risk of heat stroke but drink water as necessary

*Recommended by Japan Amateur Sports Association. Sports Medical Science Committee.

Appearance and dimensions

Specifications

Type	WBGT-203A
Purpose of use	For General Sports Activities
Useful functions	Alarm
Measuring Range and Precision	
WBGT	0-50°C ±2.0°C (at 15-35°C)
Temperature	0-50°C ±1.0°C (at 15-40°C)
Relative Humidity	10-90% RH ±5.0% (20-80% RH at 25°C)
Globe Temperature	0-60°C ±2.0°C (15 - 50°C)
Power source	Alkaline AAA dry cell battery x2
Weight	Approx. 115 gram (includes batteries)
